SUMMARY

Recent computer science graduate with a passion for developing scalable web applications and working across the full stack. I am looking to join forces with Red Technologies to continue to grow my skill set while contributing to the positive outcome of making people "richer, smarter, and happier."

WORK HISTORY

2019-Present

Logicplanet IT Services
Full-Stack Java Developer

- Designed and developed 20+ front-end and back-end applications utilizing React.js, Node.js, and TypeScript
- Developed 10+ new application features and distributed services that support high-scale applications
- Helped evolve front-end and back-end stack
- Worked with Agile team across 4+ application domains
- Participated in 100+ weekly code reviews to ensure code quality and system efficiency
